

Veterinary Associate

Capalaba Vet

Who are we?

Capalaba Vet Clinic is a small animal clinic located on the beautiful Brisbane bayside, 30 minutes from the city centre. We are well-established and have been looking after pets in the community for over 22 years. Our clinic is one of 10 within the progressive and veterinary-focused Judhar Veterinary Group. We enjoy the support, guidance & opportunities offered by our veterinary owners; however, each clinic is branded & operated individually. Our veterinary support team are highly skilled and experienced. You will be a part of a network of like-minded colleagues who will provide any additional support needed throughout your day.

What we are looking for:

- A Veterinarian with a minimum of 2 years experience.
- High clinical standards and a capability to perform routine and more complicated surgeries independently and efficiently.
- Diagnostic and treatment skills to manage common medical problems.
- A willingness to provide outstanding customer and patient care.
- An ability to problem solve and to work as a sole charge vet when required.
- A friendly attitude and the ability to work collaboratively with colleagues to achieve the best patient outcomes.
- Ultrasound, orthopaedic and advanced dental skills are a bonus but not essential.

What we offer you:

- We offer the ideal candidate above award rates with generous profit share bonuses.
- An attractive CPD package with additional ongoing internal training opportunities.
- A great supportive working environment and the opportunity to liaise with a larger network of peers across the group.
- An experienced and professional team of colleagues who all strive to provide high-quality patient care.
- Generous 'In clinic' treatment discounts for your furry friend
- Clients who are lovely and willing to treat their pets with the highest of veterinary care.
- Equipment and services - Idexx in-house blood testing machines, digital radiography, including dental radiography and a grooming salon. We work closely with a wide range of specialists, including those who visit the clinic to perform specialist work, including ultrasound, cardiology, and orthopaedic procedures.
- No Afterhours
